Cash Management Solutions

Protect What You've Built

Advanced Payment Security That Works for You

79% of businesses were victims of payments fraud attacks and attempts

Keep Your Business Safe

Positive Pay

Fight check fraud

- Automatically detect and prevent unauthorized check payments
- Access through Fairfield County Bank's online banking
- Upload issued check files from your office
- Quickly decide whether 'exceptions' identified against the matching check file should be paid or returned
- Receive exception notifications through email and text
- Review and decision items in Fairfield County Bank's online banking or mobile app

ACH Debit Block

Fight electronic debit fraud

- Automatically detect unauthorized or fraudulent electronic debits
- Access through Fairfield County Bank's online banking
- Review ACH activity and approve or block ACH transactions
- Control which companies are authorized to debit your business account
- Block unauthorized companies from withdrawing money
- Set dollar limit ceilings
- Review and decision items in Fairfield County Bank's online banking or mobile app

Best Practice: A minimum of two individuals should manage Positive Pay and ACH Debit Block
