Top 10 Trending Scams

1 Toll Scams

- Scammers impersonate toll collection agencies and send text messages claiming recipients owe money for unpaid tolls

2 Romance Scams

- Scammers build romantic relationships with victims to gain their trust, then manipulate them into sending money or providing personal information

3 Impersonation Scams

- Scammers pretend to be a trusted individual or organization to deceive and defraud victims. They often use calls, emails, texts, or social media messages that appear to be from a legitimate entity

4 Tech Support Scams

- Scammers trick users into granting remote access to their computers, allowing scammers to steal data, access financial accounts, and potentially install malware

5 Check Washing Scams

- Scammers steal and wash a check, often with common household chemicals, to remove the ink. They can then change the check amount and payee

6 Sponsored Search Scams

- Scammers use fake ads placed at the top of the search results that mimic legitimate businesses, tricking users into visiting malicious websites designed to steal sensitive information or install malware

7 Business Email Compromise Scams

- Scammers impersonate trusted individuals or organizations via email to trick employees into sending money or sensitive information

8 Cryptocurrency Investment Scams

- Scammers trick individuals into investing in fake or deceptive crypto projects or platforms, ultimately stealing their money

9 AI Scams

- Scammers use AI to clone voices, generate fake videos and images, and create deceptive chatbots— tricking victims by impersonating trusted individuals or organizations

10 Fake Sweepstakes/Lottery Scams

- Scammers trick individuals into giving up money or personal information by falsely claiming they've won a prize
